Dear Friends,

We are pleased to invite you to perform at the 2007 Lowcountry Invitational Marching Band Festival. We take pride in offering a festival that is well run and based on the educational welfare of its participants. The goal for the entire event is to provide participating bands with a wealth of knowledge about their product and to offer a myriad of ideas as to how they can improve their performance.

We have hired some of the best evaluators in the business, who have come from a cross-section of experiences. We will continue to offer a post-performance critique (with some modifications) following the exhibition performance with the goal of having you walk away feeling that it was certainly a worthwhile experience to attend the event and that it was time well spent.

In addition to knowledgeable judges, we feel that we have one of the best stadiums anywhere for a Marching Event. The home side seats 6000 and is really a great venue for "getting a good look" at your band's performance. Please remember that although Wando High School has relocated to our new campus, our football games and Band Contests have remained at the old Wando stadium site.

For all of you who have participated in the past, we hope that you will return and also spread the word about the event. For those of you who are looking for a contest on October 6, we hope that you will consider joining us for this exceptional Marching Band experience.

Sincerely,

*Scott Rush
Director of Bands, Wando High School*
