

Welcome to the Band of Wando!!!

Please find the Summer/Fall Calendar. THIS DOES NOT INCLUDE REHEARSALS FOR THE SCHOOL YEAR.

The first question that often comes to mind is, "What do we do if we already have a camp / trip planned?" As usual, it depends on the time. If it is before band camp, if you are in town, you must be at our rehearsal for consideration in a permanent spot. If you are not in town, you must communicate with us so we know when to expect you. If you miss a drill camp, you must know the material when you return. We will not be able to catch people up however, with our improved drill reading skills, this should not be a problem.

Band camp will be as always. Attendance is required.

Now, we cannot set drill if 30 people are gone. Once we put out this information, we will need to receive feedback from families as to their availability. If we need to rethink one of the camps, we will. They are spread relatively evenly throughout the summer away from obvious holidays.

Below you will find a few different things. A written out schedule akin to our usual schedule is first. Next, a color coded calendar with everything, then, I have the different parts of the marching band (winds, percussion, guard) on separate calendars.

We are so excited about this as we feel this will push us one more level forward. It is the right decision for the show, the program, and for the membership. IF THERE IS A CONCERN, AS ALWAYS, PLEASE CONTACT US SO WE CAN TALK. You will find us rather flexible as long as we can be fair to the group and the communication happens early. We want as many members as possible to enjoy what we are doing and we want them to enjoy music!

In talking with the kids and the staff, we feel we have the best solution that gives us an advantage over each of our previous years. We want to do what is absolutely best for everyone involved both in energy levels, availability, and opportunities for success. Thank you all for all that you do!!!
