

Harmony and Other Fundraising Opportunities

Selling Business Sponsorships

The Band Boosters offer many opportunities to help students raise funds to reduce fair share. By selling business sponsorships, selling car raffle tickets, referring people for our Mattress sale, selling discount cards, and several other opportunities, many band families make it possible to reduce their entire fair share amount through fundraising!

This band season, there are **4 major categories of fund raising opportunities**. Each program offers band families a variety of options which range in earning potential, effort required and timing. The core fund raising season starts in May and ends in February of the following year. Families are encouraged to plan ahead and select which activities best fit their comfort level and experience.

Listed below is a complete list of currently planned fund raising programs for this year. The yellow highlighted programs (category 1) begins in June (with Renewals starting in May). The material on the bands webpage defines the ground rules, processes, and FAQs that will help you become successful in selling business sponsorships. Please review and become familiar with all of the material in the section labeled "**BEFORE YOU GET STARTED**".
